VISION

At Frankston Primary School we strive for educational excellence and promote learning as a lifelong process. In an environment of mutual trust, care, respect and responsibility, we take pride in ourselves and our school, developing confident members of a diverse local and global community. We inspire our students to be confident and responsible members of society.

Our philosophy is firmly based on the belief that within a stimulating and caring environment, individual needs can be met to enable all students to reach their potential and that optimum development depends on self-confidence and self-esteem, cooperation with and consideration for others and an increasing capacity for self-reliance.

In providing an outstanding curriculum, we are committed to the recognition of the individual. We believe that a positive attitude towards learning is pivotal to success, and that accommodation of diverse styles of learning and acknowledgement of prior learning must underpin all successful curriculum planning. We are therefore committed to creating positive classroom climates, in which students are encouraged to take increasing responsibility for their own learning as they progress throughout the school, and in which risk-taking is encouraged in the pursuit of personal excellence.

At all times great emphasis is placed on building relationships amongst students, between teachers and students, and with parents and caregivers of our students.
